CLARE HALL CAMBRIDGE

Dear {NAME}

I can't believe that we are already at our half-way point of our Anniversary year! We have achieved so much already and I am keen to keep up the momentum. University Term may have ended here in Cambridge but we have many more events taking place over the summer and beyond. We begin in August with a week of activities based both in College and its surroundings. September also sees our annual Alumni Weekend with a history walk in the lovely historic village of Clare. We also want to encourage Life Members wherever they live to celebrate with us; so we hope that you will be able to participate in some way wherever you are in the world. Our 50th Anniversary Campaign to raise much-needed funds for the college has started, and we have made good progress. As a donor myself, I wholeheartedly urge you to support this Campaign, and help make a difference to Clare Hall.

50th Anniversary Campaign

Clare Hall was founded through the philanthropic support and thinking of Clare College and other supporters. As we mark our 50th year, the College needs to maintain and further increase the endowment of the College to ensure the next 50 years. To achieve this we have established our 50th Anniversary Campaign to help fundraise for the core areas of supporting students, enhancing

chance to visit the Cavendish Laboratories. For the long summer days ahead we have a punt trip to Grantchester and a chance to go to the Cambridge Shakespeare Festival.

We are privileged to have several of our own Fellows give short talks about their work, and being in Cambridge, you will not want to miss the opportunity to visit some of the college libraries. We finish the week with the President's Dinner in the marquee in our lovely college gardens. Please book early to avoid disappointment.

Triangulum at Elmside

The new sculpture by John Sydney Carter has been erected on the corner of Herschel Road and Grange Road. In place as part of the 50th Anniversary commemorative programme, it is on loan to the college for 1 year. The stainless steel sculpture entitled 'Triangulum' draws its inspiration from the astrological constellation which is 3 million light years from earth. The refurbishment of the corner of the Elmside site will include new signage for Clare Hall which has been commissioned and will be erected shortly. This redevelopment project has been partially funded by donations from some of our Life Members and friends. To learn more please click the button below.
