## REGISTRATION

To register for an account go to **WWW.UPAYCHILLI.COM** on any of the following internet browsers IE9+, Chrome, Firefox or Safari or download our free Upay app from the App Store, Google Play or the Windows Store.

Click on the 'Register my Upay Account' button and enter your Company's Affiliate ID. Then enter your Card ID or User ID.

If you do not know your Affiliate ID or User ID/Card ID, please contact a member of the catering or facilities team on-site.

You will then be prompted to confirm your details. Please confirm and continue to complete the registration form. You will need to verify your account and will need to have access to either your email or your mobile number for this verification step. Once you have received your verification code, please enter it in to the designated box and click 'continue'. If you have not received this email, please check your spam folder or click resend 'email'.

## LOGIN

Once registered, login to Upay by going to [WWW.UPAYCHILLI.COM](http://WWW.UPAYCHILLI.COM) and entering your username & password.

Your username will be the email address you have registered with.

## HOME

The Home screen allows you to see information about your account quickly. You can configure the widgets on this screen to display the information that you want to see. As part of our latest release you can choose to display any of the following:

- My Balances
- My Loyalty Points
- Last Statement Rows
- My Rewards
- Pay Now QR Code
- My Wallet
- My Most Purchased Items
- Random Promotion

The widgets above will only show if you have access to these features at your site. If they don't appear you don't yet have access.

To navigate between the widgets on the mobile site or on the app just swipe left or right. If you want to configure them you can do so via the my app icon or via the settings menu.

We will be adding more widgets as time goes on so that you can tailor the Upay app to your needs.

All functionality is accessible from the website or via the Upay app.

## DESKTOP MENU

On the desktop site you can access your Upay menu from the three lines at the top right hand side of the screen as displayed below.

PROMOTIONS

There may also be quick links in the header. Displayed above are Promotions, Documents and Notifications.

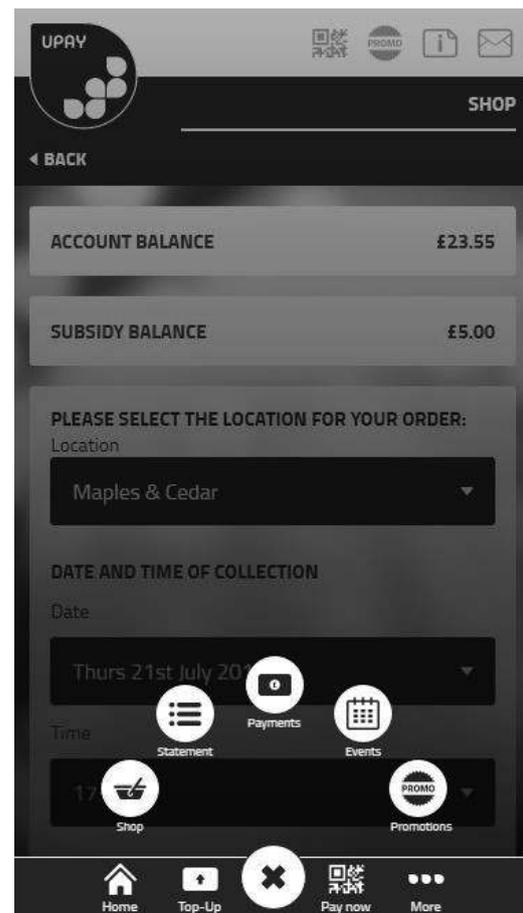

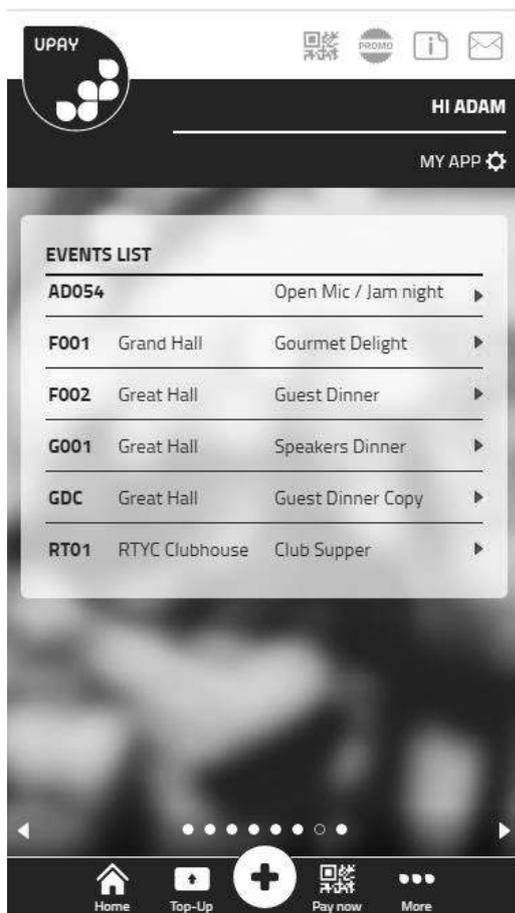

We will discuss these modules further in the guide.

## MOBILE MENU

The mobile menu is much more intuitive and allows you to see most of your account features on the screen you are working from.

Like in the desktop menu you may have quick links to some modules in the header bar like the ones displayed.

You will also have key features in the footer bar. The + button pops up your feature menu where you can access features like Promotions etc.

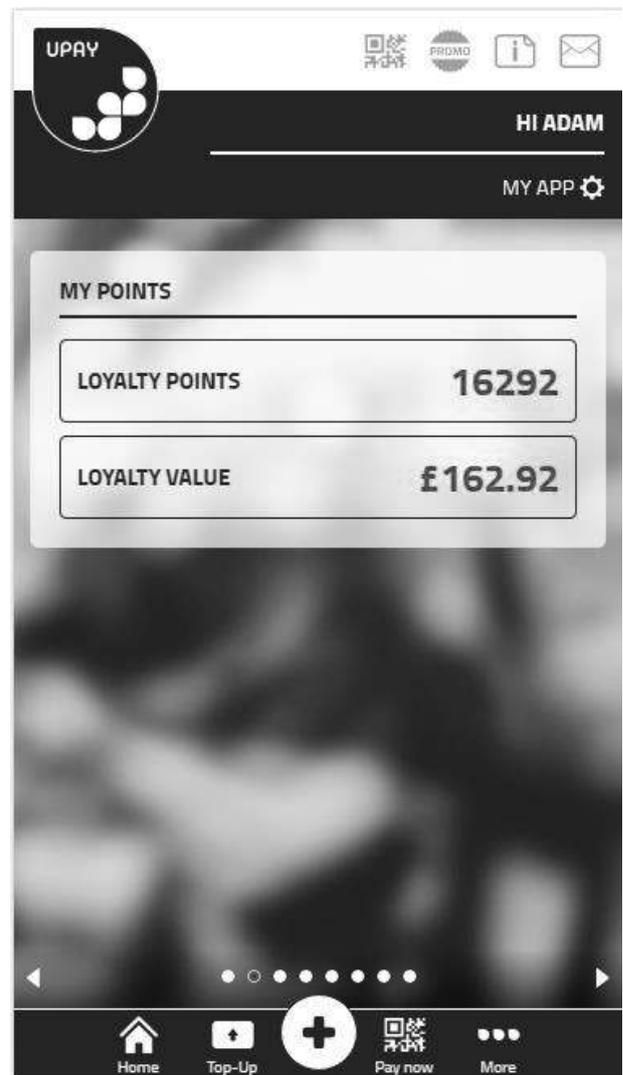

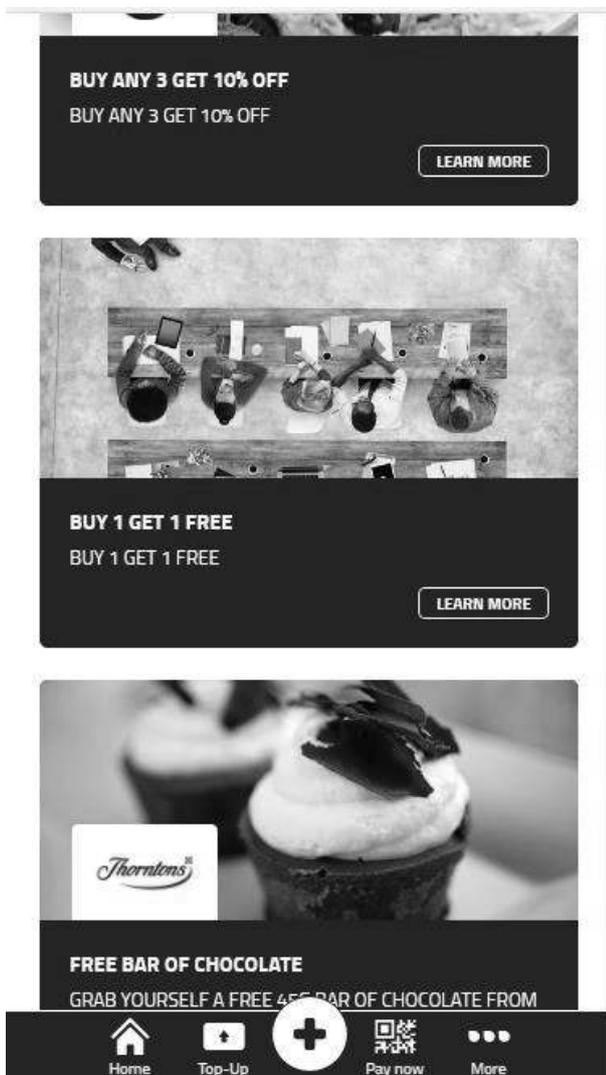

The more button takes you to your background menu where you can configure your account and logout.

# LOYALTY

Some sites allow you to accumulate loyalty points when you make purchases at the till or in SHOP.

Your loyalty points accumulation is visible on the Home screen. You will be shown a loyalty points total and its corresponding value. You will be able to redeem your loyalty points at the till or on the online SHOP when making a purchase.

# PROMOTIONS & MULTIBUYS

Access the promotions module to see what offers your site has.

Just click on the Promotions button to see what is available at your site or check out the Random Promotion widget for the latest deals.

# NOTIFICATIONS

We will ping you helpful notifications about low balances and other system related messages. These will show up in the header. When you click the notifications icon your unread messages will drop down. Click the view all messages to see all messages that have been sent.

## SWITCH ACCOUNTS

If you have an **SWITCH ACCOUNTS** button, you will be presented with all the Upay accounts that you currently have.

Upay is used in Education, Business & Industry and in events so it possible to have more than one account. Just choose which one you want to work with from the Account List screen.

The Account List is accessible from the more menu on the app and on the mobile site.

# STATEMENTS

You can view itemised statements of all expenditure to keep your spending on track and monitor your transactional history. You will also be able to see when you have added funds in to your account.

View the full length statement from the main menu.

On the statements screen, you will see a set of buttons on the right hand side. Choose whether you would like to print or download to excel. You can also choose various statement view durations. The standard statement view is set to the last 30 days, however you are able to review your purchases monthly, by month to date, or via Annual Summary.

The final button lets you expand the statement to show all of the product purchase details.

For users that have multiple purse types like Cashless, Free Spend, Dining Purse & Loyalty points etc. you will see that your statement is laid out in these categories for easier viewing.

# PAYROLL TOP-UP

Some sites allow their staff to top-up via their payroll. In this process a user tops-up and the amount is deducted from their payroll at the end of the month.

## GUEST TOP-UP

Guest Top-Ups allow your friends and family to top-up your account. You can access a guest top-up page from within your Upay account to invite others to do this via both email or SMS with a code that will expire.

Your friends and family can access guest Top-Up via the home screen at any time. They just need to click on the Guest Pay button to start and have your Client Affiliate ID & User ID to hand.

## GUEST TOP-UP

The UpayChilli guest Top-up feature allows you to invite a friend or family member to Top-up your account.

This feature will send a link via e-mail that will give your invitee access to the Top-up feature but not the rest of your account.
