IV CONFLICTS OF INTEREST

1. Purpose of Policy

The purpose of this Policy is to avoid the danger of Governing Body members being influenced, or appearing to be influenced, by their private interests in the exercise of their duties as members of the Governing Body.

2. Material Interests

A material interest is any matter which may influence the judgement of the person possessing it, or may reasonably appear as capable of influencing that person's judgement, so that the judgement may not be, or may not appear to be, exercised wholly and exclusively in the interests of the College.

But an interest shall not be a material interest unless the person having the interest either knew about it or should reasonably have been aware of it.

Any position as a company director or charity trustee shall not constitute a material interest unless there is a reasonable possibility that the company or the charity, as the case may be, may be engaged in some business, appeal, or the transaction involving the College.

If the President considers that any member of the Governing Body may have a material interest in an item of business, then the President may refer the matter to the Governing body, who shall, in the member's absence but after hearing their views, determine the matter. The determination of the Governing Body shall be binding the member concerned.

3. Register of Interests

- a) The Bursar shall maintain a Register of Interests of members of the Governing Body, into which shall be entered such information as may be required by this Ordinance or as may reasonably be requested by the Bursar.
- b) The Register of Interests shall include a statement of membership of any Faculty or Department in the University, any directorships or trusteeships (whether paid or unpaid) and other paid employment (excluding Cambridge University undergraduate supervisions and subject to a de minimis of £50/year for any individual employment). It shall also include any other matters as may be specified by the Governing Body by Ordinance.
- c) The Bursar shall seek information for entry into the Register of Interests from members of the Governing Body when they become members, and also annually. Members of the Governing Body shall notify the Bursar of changes in their information relevant to the Register of Interests as they occur.
- d) The Register of Interests shall be available for inspection in the College Office.

4. Declaration of Interests

- a) Each agenda for a meeting of the Governing Body or Council shall contain an early item "Declaration of Interests".
- b) A member of the Governing Body or Council who has a material interest in an item of business shall declare that fact on each occasion that the business is under consideration. But that shall not be required:
 - i) for business solely for report which is not discussed by the Governing Body or Council;
or
 - ii) where the interest arises from the holding of an office or position in the College, where the other persons holding such an office or position in the College have a similar interest;
or
 - iii) where the interest arises from membership of a faculty or department in the University, or the holding of an office or position in the University, where the other members of the Faculty or Department or the other persons holding such an office or position in the University as the case may be, have a similar interest;
- c) a member of the Governing Body or Council declaring an interest shall withdraw from any part of a meeting at which the business is under consideration, and shall not speak or vote on the matter.
- d) but if the interest is not a pecuniary interest, then the Governing Body or Council may resolve that the member may remain present, and may further resolve to permit the member to speak or to vote on the matter;
- e) where a member withdraws from a meeting in accordance with Rule 4 (c), that fact shall be recorded in the minutes of the meeting. Any resolution of the Governing Body or Council under Rule 4 (d) shall be recorded in the minutes of the meeting at which it is made.

5. Special Decisions

- a) A special decision of the Governing Body or Council is one in which a majority of the decision-makers have a material interest.
- b) For this purpose the decision-makers shall be taken to comprise the members of the Governing Body or Council present when the decision is made, except for any member who is not entitled to vote in consequence of this Ordinance or for any other reason.
- c) Before the Governing Body or Council make a special decision they will consider, having taken full regard of all the circumstances of the matter
- d) whether the nature of the conflict of interest is so pervasive throughout the Governing Body or Council that they have no alternative but to surrender their discretion by seeking the direction of the Charity Commission in the matter; or
- e) whether, notwithstanding the conflict of interest, they are nevertheless fairly and reasonably to take the decision; and, in that case,
- f) whether, before making their decision, they should seek the advice of the Charity Commission in the matter.

6. Committees and Other Bodies

- a) The above rules shall apply with necessary modifications to committees, working parties and other bodies within the College, as they apply to the Governing Body and Council.
